

Sorry this is NOT the usual newsletter!

Father Patrick offers sincere apologies for the lack of a Sunday newsletter for 9<sup>th</sup> and 16<sup>th</sup> August.

Barbara (Parish Secretary) and Father Patrick have been struggling with major IT problems impacting in the functioning of the parish office. There have been difficulties with sending and receiving emails that even with the input of diocesan IT support have not been fully resolved.

Due to these problems and the need for Father Patrick and Barbara to have a break after a frenetic time getting our churches ready for reopening for Mass the parish office will be closed until Tuesday 18<sup>th</sup> August. It is highly likely that emails will not be addressed during this closure period and that there may be a delay in answering phone calls. Sorry for any inconvenience due to this situation but hopefully things should be better soon!

Despite these issues booking for weekend Masses will carry on as usual (see the section “How to Book for Mass” on this website).
